EXPECT FRUIT CROP TO BE BIG

La Mesa Country Shows Effect of Recent Rains; Farm Flooded.

La Mesa, N. M., May 5.—The fruit crop promises a heavier yield than usual. Ditches are carrying a big head of water and all fields and gardens are showing the effect. This part of the valley looks fine, having been greatly benefited by the recent rains.

Morris Krupp has a large hay barn under construction near his store at San Miguel.

Ditch Breaks; Farm Flooded.

The south end of the G. D. Williamson farm was flooded because of a break in the main ditch.

METHODISTS ARE URGED TO GIVE UP TOBACCO

Saratoga Springs, N. Y., May 5.—The women of the Methodist Episcopal church have raised \$1,225.32 during the last four years for home mission purposes, according to figures submitted to the general conference of the church today.

A resolution urging members of the church to abstain from the use of tobacco was presented by Rev. Eugene S. Stockwell, of Alva, Okla.

This memorial, which declared that counsels to young men against the cigarette habit were largely nullified by the example of church members who smoke, was greeted with applause. Action on it was deferred.

MAKES PROTEST AGAINST TEXAS FIRE POLICY FORMS

Austin, Tex., May 5.—There was filed today with the state fire insurance commission, a strong protest on the fire policy forms used in Texas. The petition was filed by Charles M. Dickson, of the firm of Hicks, Teagarden & Dickson, of San Antonio, an attorney for the Policy Holders Protective agency.

The petition protests vigorously against any increase in the fire insurance rate in Texas until the fire insurance policy forms have been revised by the insurance commission. Just who composed the Protective agency was not disclosed.

CANNOT OPEN CAMPAIGN IN CONFEDERATE HOME

Austin, Tex., May 5.—No chance will be given to "Cyclone" Davis, candidate for re-election as congressman-at-large, to open his campaign at the Confederate home here, according to William G. Dollahite, manager of the home.

Congressman Davis made the statement a few days ago that he had practically decided to open his campaign at the home. Mr. Dollahite pointed out that a resolution was adopted by the board of trustees of the home in 1911 which forbids political or public speaking of any kind at the home, and it is based on this resolution that the manager of the home declares the congressman will not have an opportunity to open his campaign at the institution.

MUST PUT CANDIDATES' NAMES ON THE BALLOTS

Austin, Tex., May 5.—In an opinion rendered to the county attorney of Upshur county, the attorney general's department held today that it would not be within the province of the county Democratic executive committee to decline to place a candidate's name on the official ballot, because such candidate's party loyalty is in question.

If proper application is made to the committee, it should place the candidate's name on the ballot and the members of the party, the voters themselves, would be the best judges of his fidelity to the party, and should make that decision at the polls, the opinion holds.

Cherry Time Revives Memories

The Old Tree in the Yard and Mother's Cherry Gobbler Are Remembered When One Visits the Fruit Stores.

CHERRY time has come again and the delicious dark red fruit in the market is an ever-lasting temptation to every passer by, but particularly to any one who in "old" days enjoyed "whining up" the big cherry tree at home and eating the fruit off the tree until appetite was satiated and fingers and clothes were stained with the cherry juice. Then, like as not, one would be called from the cherry tree to supper, of which the evening dish was cherry cobbler, made with all of mother's wonderful skill. ADD STRENGTH TO NATIONAL GAME

Claude Cooper, the former New York Giant and Brooklyn, just signed by Pat Moran at a salary reported to be \$7000 a year, will strengthen the National league considerably. It is expected that Cooper will replace Fasker in the center field. Cooper is a wonder in handling short flies and plays ground balls as well as an infielder. He is also a good thrower.

Although Cooper did not show up well in the Federal league in 1914, his first year with the outfit organization, it was found that his trouble in batting was due to a serious but temporary eye trouble, which has now disappeared.

Lee Magee, former manager of the Brooklyn federal, says that Cooper is as good as Eddie Rousch, who is turning out to be one of the Giants' stars.
